CLICK HERE TO LOG IN TO EMPLOYEE INTRANET

All city employees must be authenticated to access the city Intranet.

If you are accessing this site from outside the city network, please use the link above to login manually using your employee credentials.

Users logged into the city network should automatically authenticate. In rare cases, you may need to delete your browser's temporary files to login correctly. This feature is found under Internet Options in the Tools menu.

 [Need Help?](#)

- Anyone who visits the Asheville Employee Intranet at <http://intranet.ashevillenc.gov> without being logged in will be presented with the login dialog above.
- You can access the account recovery tools from the “Need Help?” link.
- You may also access the account recovery tools from the “Account Recovery Tools” link at the bottom right corner of the Intranet site.

SECURITY

Welcome to the Employee Intranet

Materials on this site are maintained by content managers in each department of the city. Questions or suggestions about materials related to a particular work process may be directed to the department involved. Technical problems experienced using this site may be directed to the Help Desk via the link at the bottom of the page. For more information about the management of this site, please see the Web CMS Project Page.

Information provided on the Employee Intranet should be considered the most up to date and accurate version available. This site is not intended as a storage medium for outdated materials or any materials not commonly required by city staff.

If your browser does not auto-login when accessing this site from city network computers, please follow the link below for instructions on setting up auto login. In some instances it may be necessary to delete your temporary internet files for auto login to begin working.

* These links or services are not available over an external internet connection.

INTRANET FOR THE CITY OF ASHEVILLE, NORTH CAROLINA

 [Account Recovery Tools](#)

Account Recovery Page

From the Account Recovery Tools page, you must register first to use the service. After you have registered with the service, you may use the “Reset Forgotten Password” or “Unlock Your Locked out Account” features.

All employees must register with the service and provide security questions and answers before they can use the account recovery tools.

The screenshot shows the Asheville Employee Intranet interface. At the top, there is a search bar labeled "Search Intranet" with a "go" button. Below the search bar is a navigation menu with the following items: PROCESS SUPPORT, POLICIES, STAFF SERVICES, NEWS & EDUCATION, HUMAN RESOURCES, and LINKS. The main content area is titled "Account Recovery Tools" and includes a breadcrumb trail: Staff Intranet > Home > Account Recovery Tools. A red text box states: "To use the Recovery Tools, employees must have previously registered with the system and provided the required information using the link below." Below this is a yellow arrow pointing to a red-bordered box containing the text: "Register or Update Your Information with the Account Recovery Tool". At the bottom, there are two options: "Reset Your Forgotten Password" (with a key icon) and "Unlock Your Locked out Account" (with a padlock icon). Each option includes a brief instruction on when to use it.

Account Recovery Tools

Staff Intranet > Home > Account Recovery Tools

To use the Recovery Tools, employees must have previously registered with the system and provided the required information using the link below.

[Register or Update Your Information with the Account Recovery Tool](#)

Employee Account Recovery Tools are available to allow city employees to reset their account password if they are locked out or have forgotten their password.

 **Reset Your Forgotten Password**
Use this option if you have forgotten your password and want to reset it.

 **Unlock Your Locked out Account**
Use this option if your account has been locked.

User Registration

User registration will allow employees to use the recovery tools service or modify their previously configured settings.

ASHEVILLE North Carolina **Account Recovery System**

Update Your Employee Profile :

User Registration

Employees must register before they can use the **Reset Password or Unlock Account Options**. A valid employee login is required to register.

Please login here

Sign in

User Name:

Password:

Log on to: ASHEVILLE

hg3s5h

Case-Insensitive

 **Reset Password**
Reset your forgotten password

 **Unlock Account**
Unlock your locked out account

When you click on the “User Registration” link, a login dialog will appear. Enter your current network credentials, type the security “captcha” (example here is: **hg3s5h**) and click “Login” to proceed.

User Registration (cont.)

On this page, you will select two security questions and provide answers to those questions.

You will need to type your answers twice to verify you have typed them correctly. Answers are case sensitive and will need to be answered the same way you type them.

Answers to security questions must be at least 5 characters long and should not be a very simple response or contain words from the question itself.
